It was standing room only at the grand opening of a magnificent new condo development known simply as eve. An inspired residential community developed by Amacon, eve sets a new standard in high-rise design and livability.

The event attracted business and community leaders, as well as professionals and City of Mississauga officials, including Mayor Hazel McCallion.

"I'd like to thank the architects for planning such a beautiful building with an attractive peak," McCallion said. "It makes the skyline more appealing and is much more interesting than typical buildings that simply look like large boxes."

Designed for life and inspired by nature — that's the philosophy eve follows, designed to embody and to exemplify. Elegant and spacious, eve is designed for life in that each condo unit is roomy, logically planned and intended to be livable — for real people living real lives.

This theme was also foremost when planning the wealth of amenities eve residents will have access to. Exclusive to residents is the eve club where you can enjoy a quiet read in the library, catch a movie in eve's screening room, mingle with friends in the celebration room or shoot a game of pool in the games room.

Residents will also be able to rejuvenate in the eve spa, swim in the lap pool, soak tired muscles in the hot tub or sauna or sculpt their figures in the fully equipped gym. The eve club also features an elegant landscaped patio and outdoor BBQ area. And when family and friends

come to visit, they'll be able to stay overnight in two hotel-style guest suites.

Inspired by nature, eve is beautifully and extensively landscaped outside, with as much of the great outdoors as possible incorporated into the ambiance and structure of the interior. When choosing materials to integrate into the look and feel of each individual unit, designers were intent on using natural materials like wide plank hardwood flooring and granite countertops. Windows are also exceptionally large — floor-to-ceiling — in order to allow us much natural light in as possible.

You can choose from a variety of floor plans and styles, all designed to suit your individual needs. Floor

plans include one-bedroom (596 sq. ft.), one-bedroom plus den (644 sq. ft.), two-bedroom (860 sq. ft. to 964 sq. ft.), two-bedroom plus den (885 sq. ft. to 942 sq. ft.) and three-bedroom plus den (1,176 sq. ft.). Prices start at \$152,400, but with almost half the units already sold, you'll have to hurry if you'd like to enjoy the exclusivity offered by eve.

For a closer look at all that eve promises, call 905-212-9394 for information or visit eve online at www.myevecondo.com. You can also visit the eve discovery centre at 3530 Omeath Court, Mississauga, near Highway 10 and Central Parkway West.
